# Piggy Takes Wescom on the Road

It's summer and Piggy and his family are getting ready to take a road trip up the California coast.

"Alright, I'm almost packed," Piggy said. "I just need money for souvenirs."

"Don't worry Piggy, you can withdraw cash along the way – that's \$40 for Wescom PiggyBankers like you," Piggy's mom said. "There are more 30,000 fee-free ATMs throughout the nation via the CO-OP Network® that you can use."

"That's great," Piggy said. "But how do we find one that's on our route?"

"From the Wescom Mobile Banking App," Piggy's dad said. "It's easy, plus that's not all you can do from the mobile app."

Piggy's parents went on to tell him that from the Wescom Mobile Banking App, Piggy has complete access to his Wescom Accounts whenever, wherever. From setting up a travel notice so Piggy can keep using his ATM card, to checking his balance after buying some souvenirs, Piggy's Wescom account goes wherever he goes.

"Now that's easy banking," Piggy said. "We're ready to hit the road!"

# DID YOU KNOW?

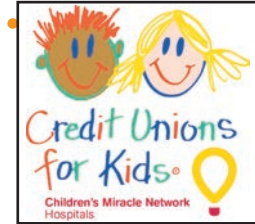

To stop people from making fake money, the very first versions of paper money were printed in green ink in the 1860s. Since cameras of that time could only take pictures in black and white, green was a very hard color to copy.

The word “bank” comes from the Italian word “banca,” which means bench. The earliest banking transactions were done at benches or tables.

Wescom donates \$1 to Credit Union for Kids for the benefit of Children’s Miracle Network Hospitals® for each non-Wescom, non-CO-OP Network® cash withdrawal at Wescom ATMs. Since January 2019, \$33,695 has been donated.
